Preparing the workshop · *Social network analysis (SNA)*

G1 · Proof of Impact

Why this tool matters

Revealing the hidden architecture of human solidarity; showing that a city's true wealth lies not in its physical buildings, but in the invisible threads connecting its people.

Evidence we produce

Visual network graphs and data models highlighting the strength, density, and vulnerabilities in relationships between local organizations, resources, and individuals,.

Duration & Material

Duration · 3 to 6 weeks of data collection and mapping

Material · SNA software (e.g., NodeXL, PARTNER CPRM), relationship surveys, interview guides

Reference case

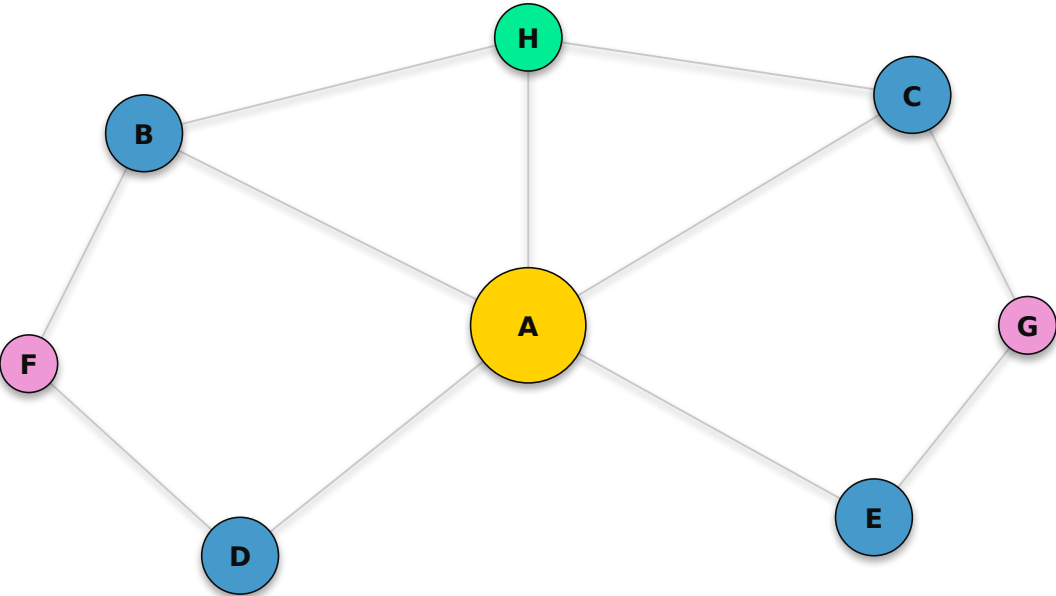

Visible Network Labs utilizes the PARTNER CPRM platform to blend community asset mapping with Social Network Analysis. By mapping how local coalitions, religious congregations, and volunteer networks interact, public sector leaders are able to visually understand relationships, identify unique leverage points for systems change, and accurately manage community networks,,.

Suggested agenda · Brief (10 min) > Method walk-through (15 min) > Animation canvas (60-90 min) > Harvest (20 min)

Network graph · actors · ties · centrality

Duration
3 to 6 weeks of data collection and mapping

Harvesting our *learnings*

After running the canvas, capture three layers of insight.

What inspires me

Stand-out signals, surprising stories, ideas to remember

How to apply it here

Concrete adaptations to our context, our team, our constraints

What we need to be autonomous

Skills, allies, resources, decisions still to secure

Each participant fills a copy. Then debrief together to surface patterns and next steps.
