Why this tool matters

Defending the soul of a place against the homogenization of modern development; ensuring that a building remains a genuine witness to its own history, rather than a sterile replica.

Evidence we produce

A structured matrix providing a quantitative and qualitative score that defines the degree to which a site retains its original architectural character and its intangible cultural meaning for the community,.

Duration & Material

Duration · 3 to 6 weeks of multidisciplinary assessment

Material · QAAM scoring grids, PAM templates, HBIF forms, community workshop facilitation guides

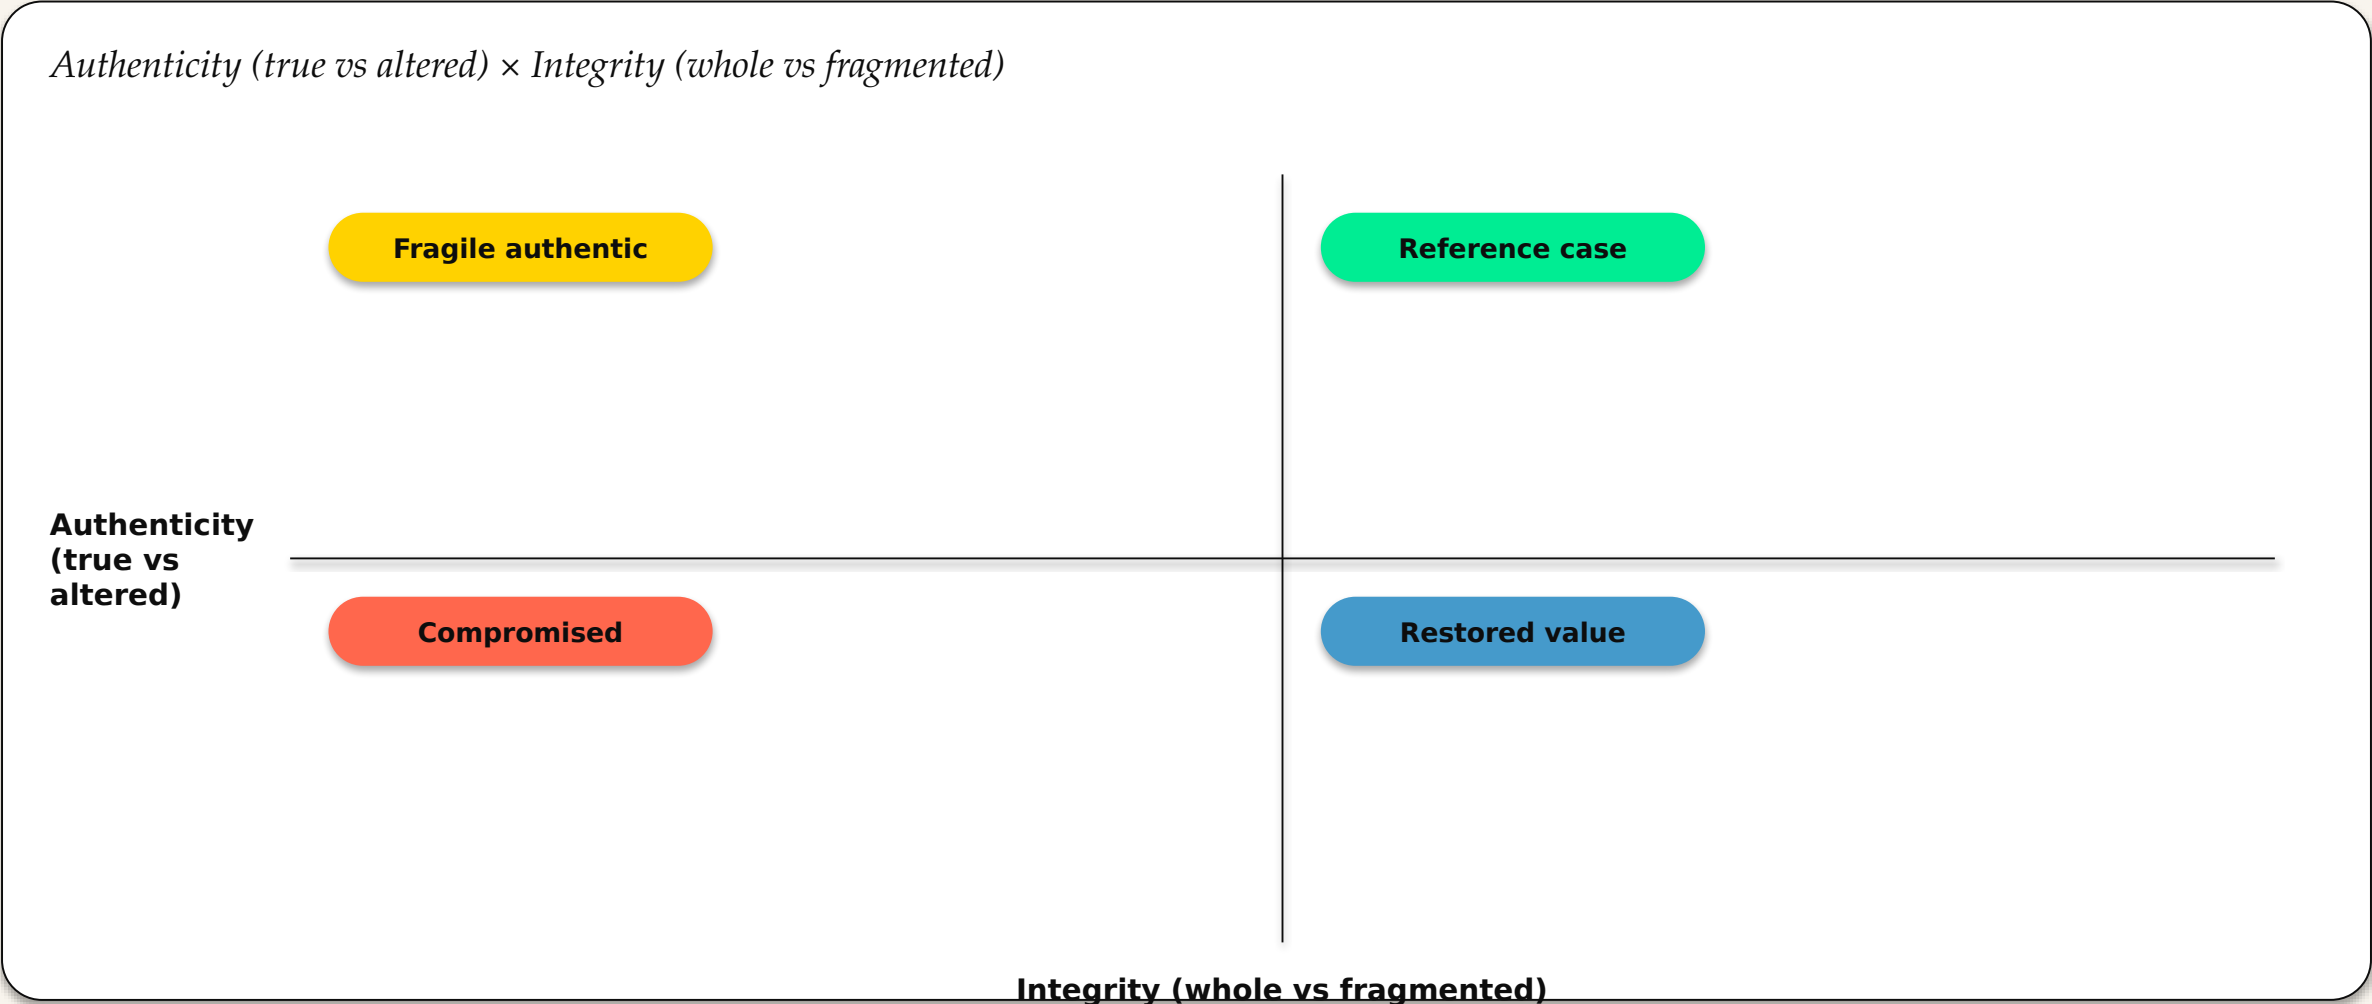

Reference case

International conservation experts utilized the Quantitative Architecture Authenticity Matrix (QAAM) framework to assess diverse heritage buildings globally. By combining measurable architectural indicators (tangible) with culturally rooted community narratives (intangible) via the PAM matrix, they avoided purely subjective decisions, offering a highly adaptable and rigorous score that guides future conservation planning,.,.

Suggested agenda · Brief (10 min) > Method walk-through (15 min) > Animation canvas (60-90 min) > Harvest (20 min)

Authenticity × integrity matrix

Duration
3 to 6 weeks of multidisciplinary assessment

Map sites by their position. Restore upward. Document dissent.

Harvesting our *learnings*

After running the canvas, capture three layers of insight.

What inspires me

Stand-out signals, surprising stories, ideas to remember

How to apply it here

Concrete adaptations to our context, our team, our constraints

What we need to be autonomous

Skills, allies, resources, decisions still to secure
