

Change management & communication plan

What this tool produces · *A dynamic communication roadmap detailing target audiences, designated communication channels, frequency of updates, and feedback integration loops.*

G3 · Proof of Anchoring

G2 · Proof of Fit

Dimensions

Social / User

Regulation

Preparing the workshop · *Change management & communication plan*

G3 · Proof of Anchoring

Why this tool matters

Navigating the emotional friction of change, transforming the fear of the new into a shared journey of civic adaptation through transparent and empathetic dialogue.

Evidence we produce

A dynamic communication roadmap detailing target audiences, designated communication channels, frequency of updates, and feedback integration loops.

Duration & Material

Duration · 2 to 3 weeks for initial drafting; continuous execution

Material · Communication matrices, social media platforms, project management tracking tools

Reference case

During the implementation of the Dominica Plastic Detox Initiative, a detailed communication and change management plan was deployed to inform residents and businesses about regulatory shifts. By identifying policy change risks and actively communicating through appropriate channels, the initiative managed public expectations and mitigated resistance to new environmental laws.

Suggested agenda · Brief (10 min) > Method walk-through (15 min) > Animation canvas (60-90 min) > Harvest (20 min)

Audience × message × channel × moment

Duration
2 to 3 weeks for initial drafting; continuous execution

Audience	Key message	Channel	Moment	Owner

Harvesting our *learnings*

After running the canvas, capture three layers of insight.

What inspires me

Stand-out signals, surprising stories, ideas to remember

How to apply it here

Concrete adaptations to our context, our team, our constraints

What we need to be autonomous

Skills, allies, resources, decisions still to secure

Each participant fills a copy. Then debrief together to surface patterns and next steps.
