Preparing the workshop · *Place Standard Tool*

G1 · Proof of Impact

Why this tool matters

Giving every citizen a compass to map the emotional and physical geography of their home, proving that true expertise lies in the lived experience of the street.

Evidence we produce

A collaborative radar-chart visualization of a neighborhood's physical and social health, highlighting areas of inequality and prioritizing specific spatial interventions.

Duration & Material

Duration · 2 to 3 hours per workshop

Material · Printed Place Standard compass diagrams, sticky notes, facilitation guides

Reference case

In Scotland, the Place Standard Tool has been widely implemented as a means of examining inequalities in relation to place. It was further adapted to integrate the "20-minute neighbourhood" concept and a climate lens, empowering local communities to systematically assess their local environments and prioritize actions that address both spatial inequality and climate resilience simultaneously,...

Suggested agenda · Brief (10 min) › Method walk-through (15 min) › Animation canvas (60-90 min) › Harvest (20 min)

Place Standard · 14-theme radar

Duration
2 to 3 hours per workshop

Apply the climate lens

Score each theme · 1 (poor) → 7 (excellent)

Harvesting our *learnings*

After running the canvas, capture three layers of insight.

What inspires me

Stand-out signals, surprising stories, ideas to remember

How to apply it here

Concrete adaptations to our context, our team, our constraints

What we need to be autonomous

Skills, allies, resources, decisions still to secure

Each participant fills a copy. Then debrief together to surface patterns and next steps.
