Preparing the workshop · *EU Renovation Wave / EPBD assessment*

G2 · Proof of Fit

Why this tool matters

Looking at a neglected, inefficient building not as a liability, but as a dormant battery of embodied history and materials that merely requires the right care to protect both the climate and its inhabitants.

Evidence we produce

A Whole-Life Carbon (WLC) assessment report and a standardized Energy Performance Certificate (EPC) demonstrating compliance with Zero-Emission Building (ZEB) thresholds.

Duration & Material

Duration · 4 to 8 weeks for technical calculation per asset

Material · LCA software (e.g., One Click LCA), Level(s) framework manuals, EPBD national guidelines

Reference case

Following the recast of the Energy Performance of Buildings Directive (EPBD), public authorities must ensure all new public buildings meet Zero-Emission Building (ZEB) standards by 2028, with mandatory whole-life carbon assessments. Concurrently, municipalities utilize Socially Fair National Building Renovation Plans to prioritize the deep retrofit of the worst-performing 16% of non-residential buildings by 2030, ensuring energy reductions are achieved without leaving low-in...

Suggested agenda · Brief (10 min) > Method walk-through (15 min) > Animation canvas (60-90 min) > Harvest (20 min)

Whole-life carbon · operational + embodied

Duration
4 to 8 weeks for technical calculation per asset

Energy class EPC · A → G	Operational carbon use phase emissions	materials · construction · demolition	Smart-readiness controllability · interoperability	Social fairness no displacement of vulnerable tenants
--	--	--	--	---

Harvesting our *learnings*

After running the canvas, capture three layers of insight.

What inspires me

Stand-out signals, surprising stories, ideas to remember

How to apply it here

Concrete adaptations to our context, our team, our constraints

What we need to be autonomous

Skills, allies, resources, decisions still to secure

Each participant fills a copy. Then debrief together to surface patterns and next steps.
